

# BEARSDEN CROSS PARISH CHURCH, GLASGOW

The organ was built by Lewis & Co. in 1906 for Eglinton Street United Free Church, Glasgow. It was moved to Bearsden Cross Parish Church by Hill Norman & Beard in 1953. Rushworth & Dreaper overhauled it in 1981.

Major work by Harrison & Harrison in 2012 included the provision of new soundboards and actions for the Great and Swell, and the addition of several stops to complete the specification (nos 8, 12, 16, 18 and 22).
