

GLASGOW UNIVERSITY MEMORIAL CHAPEL

Photograph by courtesy of Glasgow University Chaplaincy

The Chapel, designed by Sir John Burnet in Gothic style, was dedicated in 1929 as a memorial to those members of the University who lost their lives in the First World War. The organ chamber is on the north side, with the console gallery opposite. The organ case is adorned with carved figures of St Francis and St Cecilia, patron saints of music.

The organ retains the case, the console and much of the pipework of the instrument built by Henry Willis & Sons in 1928, but is otherwise almost entirely new.
